## Service and advice fees paid by you

Your initial appointment up to 45 minutes is complimentary. At this meeting, Tracey Ferguson will explain how Coastal Financial Advisers operates, what you can expect and the payment options. All fees and commissions payable by you will be explained to you at the time advice is given and will also be detailed in a Statement of Advice, Record of Advice and Product Disclosure Statement(s).

You will have the ability to select your preferred payment option from the options below prior to the provision of advice. All amounts noted below are inclusive of GST:

### Fee for service – implementation - initial

An initial fee representing research, strategy development, preparation of SoA and implementation of advice contained in the SoA. This fee generally ranges from \$3,300 to \$5,500 (including GST), however depending on the complexity of the advice sought, this fee may be higher. Your initial advice fee can be paid directly by you or via a selected product.

### Adviser service fee

The Adviser service fee represents the cost of providing our annual professional services to you. A summary of the services which you receive for this fee is contained in the Client Service Agreement. This fee ranges from \$3,500 per year to \$6,600 per year (including GST) and can be negotiated depending on the complexity of the advice and the level of service you require. Your ongoing Adviser service fee can be paid directly by you or via a selected product if paid annually in advance; or via a selected product if paid monthly. Alternatively, should you seek ongoing advice on an ad-hoc basis, the cost is \$300 + GST per hour. You only pay an Adviser service fee if you agree to a Client Service Agreement and then, only until it expires.

### Commission for life risk insurance products – Policies issued from 1 January 2020

Initial commission payable under an upfront structure is capped at 66 per cent from 1 January 2020. Ongoing commission under an upfront structure is 22 per cent of the annual premium paid. Both initial and ongoing commission under a level structure will continue to be capped at 37 per cent.

### Clawback of insurance commission

We charge fees for the services we provide. If we receive a commission for the placement of an insurance product, we will offset that commission against our fee. If your insurance policy is cancelled by you in its first year, we will be obligated to refund 100% of the commission received from the Insurer. If your insurance policy is cancelled by you in its second year, we will be obligated to refund 60% of the commission received from the Insurer. If this occurs, you will be invoiced directly for payment of the amount refunded to the Insurer. For example, if your insurance premium in the first year is \$1,000, we will receive a commission of \$660. If your insurance policy is cancelled by you in its first year, we will invoice you directly for \$660 (100%). If your insurance policy is cancelled by you in its second year, we will invoice you directly for \$396 (60%).
